RE: New export destination

Motorhome-World has been able to secure another export destination and in so doing, expand our international footprint.

MH-W has successfully exported its Discoverer Xtreme motorhome bodies to Australia since 2017 to Discoverer motorhomes based in the Brisbane area and now has also been able to gather in orders from a Chinese distributor.

Based in Luoyang City in China, the Loncen caravan company has ordered two Discoverer Xtreme bodies from Motorhome-World. MH-W has designed and developed a layout specially suited for the Chinese market.

The design was developed to be mounted to a IVECO Daily 4x4 chassis with 3400mm wheelbase. The one motorhome will feature all the necessary items to make it a great vehicle with “over the mountain” capabilities and the other is for “around the mountain” limitations.

(explanation to these terms is on our website <https://www.motorhome-world.com/discoverer-xtreme/>)

Tony van Tonder, our factory manager, has been sent to the Chinese factory to assist in preparation and loading the first two bodies to the respective IVECO chassis.

MH-W trusts that this newly formed partnership will grow in the future.

These two motorhomes will be on display at the 2019 All In Caravanning expo in Beijing. AIC as it's called is on from the 14th June till the 16th June at the Etrong International Exhibition and Convention Center in Beijing, China. Dennis and Tim Bouwers will travel to this expo to assist Loncen on the stand and to grow the relationship between these two growing industry leading companies.
